

Triplt

Brought to you by Concur, Triplt gives its travelers the opportunity to keep their minds at ease when it comes to travel plans. With this application you are able to organize your travel plans in one place. Any reservation done by an agent or through the Concur online booking tool will auto populate your Triplt application.

With Triplt you are able to:

- Access itineraries at any time on any device
- Get directions, maps and weather for each travel destination
- Sync your trip plans with Google Calendar or Outlook
- Add or edit plans manually on the Triplt application or on tripit.com
- Share some or all of your trip plans either through email or social
